

The Little House Story time, Craft, and Songs

Here is a link to [The Little House](#) by Virginia Lee Burton being read aloud.

If you have some blocks, use them to build a little house just like the one in the story.

Now for a craft, let's build a house with paper.

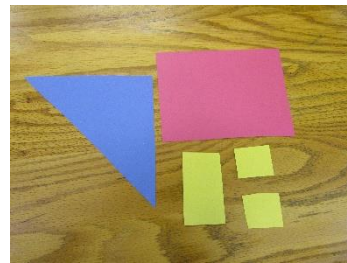

What you'll need:

- Colored paper
- Scissors
- Glue
- A marker or crayons

Instructions:

Cut the colored paper into the following shapes:

- 1 large rectangle for the house
- 1 large triangle for the roof
- 1 medium rectangle for the door
- 2 small squares for the windows

Glue the triangle onto the large rectangle to make your house. Then glue windows and doors. Use crayons or markers to decorate the house however you would like.
